Magic Is God; **Blessed Be!** *More Power to Witches, Wizards, Pagans and Witchcraft.*

Reviews for the book – ‘Magic Is God’ – by Isis Day, Ph.D.:

“This is Magic and Witchcraft re-defined.” – Sara Dina.

“Wow! I’d call this ‘Witchcraft unlimited!’” – Marie Guillaumes.

“A revolutionary approach to Magic and Witchcraft.” – Juli Zen.

“Being a Pagan never got better. This is definitely Magic and Witchcraft simplified.” – Juliette Williams.

“‘Magic Is God’ reveals the secret and true source of real power for Witches and Wizards.” – The Venerable Chuan Chuang.

“Empowering, Inspiring & Motivating, M.i.G. exposes the Truth every Pagan seeks, divulging the not-so-known spirit & language of Witchcraft for Witches & Wizards.” – Dr. Franco Scott.

“My goodness! Magic has never enjoyed such exaltation before. I suspect that some of the gods, especially those of non-Pagan religions, would be jealous of this elevation.” – Luxley Harris.

“This book – ‘Magic Is God’ by Dr. Isis Day – is a rare and unique Masterpiece that will shake the foundations of what anyone already knows about Magic, Witchcraft and Pagans. It is one small step for Pagans and New-Agers in general, but a giant leap for Witches and Wizards in particular. In this book, the practice of Witchcraft gets a lot more magical than ever. Are you spiritually and metaphysically daring and open-minded enough to lock-in horns with the wild, bold, radical and gigantic claims of this book? If yes, then what are you waiting for? Grab a copy now and start reading!” – Rica Mira (Founder: Joanism).

A GIFT TO MANKIND:

In addition to being a gift to Witches, Wizards, Pagans and
New-Agers, this book is also a gift to the rest of the world, that they
may know the Truth that will truly set them free – that *Magic is
God*, and that Witches, Pagans & Witchcraft are not the enemy, but
rather hold the key to their salvation and all the answers they seek.

INTRODUCTION:

“The spirit of persecution has not as yet died out in the land. There are certain ... teachings, which, if publicly promulgated, would bring down upon the teachers a great cry of scorn and revilement from the multitude, who would again raise the cry of ‘Crucify! Crucify!’”
– *The Three Initiates* –

The most notorious anti-Witchcraft book ever published in the entire human history seems to be ‘*Malleus Maleficarum*’ (Hexenhammer). It was first published in Latin by Jacob Sprenger and Heinrich Kramer around 1486, and later translated into English and edited by Montague Summers in 1948. The title translates to ‘*The Witch Hammer*’ or ‘*The Hammer of Witches*.’ For many centuries it was the authorized manual and maxim for witch-hunters. When it came to hunting down Witches like rabbits and burning them like chaff, or dehumanizing them with the utmost cruelty, that book was The Almighty Law. This is what part of its introduction says about Witchcraft:

“It has been recognized even from the very earliest times, during the first gropings towards the essential conveniences of social decency and social order, that witchcraft is an evil thing, an enemy to light, an ally of the powers of darkness, disruption, and decay. Sometimes, no doubt, primitive communities were obliged to tolerate the witch and her works owing to fear; in other words, witchcraft was a kind of blackmail; but directly Cities were able to co-ordinate, and it became possible for Society to protect itself; precautions were taken and safeguards were instituted against this curse, this bane whose object seemed to blight all that was fair, all

that was just and good, and that was well-appointed and honourable...”

Another part of the intro to the book says:

“Thou shalt not suffer a witch to live.
The Mosaic maxim – Exodus, 22:18.”

(The Good News Bible translation reads:
“Put to death any woman who practices magic.”)

As I write, just a week ago I received word from ZigaStar Publishers, a support Company to Isis Day Publishers, that one of their potential clients refused to do business with them because he saw my pagan books on their website. Despite the current information explosion and scientific progress, superstitions against Witchcraft still run amok. You would think that this is the 21st Century, and that the erroneous and ugly perceptions of Witches and their Craft would have fizzled out by now. If Witchcraft has endured and survived all kinds of horrible ordeals up to this time, what makes anyone think they could wipe it out?

Shortly after the release of one of my books – ‘WITCHES UNITE!’ – I received an email from a Christian Minister who said I was one step away from being the anti-Christ. He said my birthday (06/24/1985) which he saw on the Internet, numerologically adds up to 665, just one count short of 666, and therefore that I’m the equivalent of John the Baptist to the anti-Christ, that I’m here to clear the path and usher him in. Oh my goodness; he went on and on and insulted me in every which way he could. And finally, in the last paragraph he wrote: “Who d’you think you are? The Moses

of Pagans?” Wow! I forgive him and his accusations and insinuations. But unfortunately for him, as I was reading his email all I could hear in my inner ears was that my message of love, unity and power for Pagans in that book did carry a punch I never suspected; it must have hit home real hard without holding back. Well, if that’s the case, I pity him and anyone who shares his views because they haven’t seen anything yet. They should check out this and my other books which do more than just empower Witches, Wizards, Pagans and New-Agers.

I doubt if I would ever understand what we and our ancestors ever did to anyone to make anybody hate us with so much venom. No matter how hard I try, I can’t just shove it aside and move on like it never happened, like it’s still not happening, and like it won’t continue to happen. Protracted endurance turns into a bitter painful experience; and the thought of this pain going on any further is blatantly sickening to the core.

Witches are no mean sadistic frightening tyrants, wicked monsters or ugly freaks of nature; and we are not a fiction; rather, Witches are Miracles, the true image and likeness of the Creator – Magic; and being miserable, or forced into a cold dark corner, or subjected to unpleasant conditions, is not our destiny. With them (non-Pagans) you cannot win: if you’re truly psychic – hearing and/or seeing things – you’re either considered delusional or schizophrenic. Obviously, if humans have to decide whether you live or die, then you’re already dead to begin with – you were dead even before the decision was made. However, *we must not allow any person or people, any text, any record in the world, however sacred the claim, to shatter our belief in the Presence, Love and Justice of Magic, and our goodness and divinity as Witches.*

If you are reading this book, whether you know it or not, whatever your religious stand or denomination, you are one of us, you are a Pagan; period! You can accept it or deny it, you can run but you can't hide, you can also fight it or embrace it; it won't matter because you can't change who you are deep inside.

In 'WITCHES UNITE!' I hinted, as part of the visions I've received, that '*Magic is God*,' and made a few statements here and there in an attempt to expound on it. I was later led intuitively to some of Mr. Atkinson's works where I found data that I could adapt to help shed more light on my divinely revealed and inspired assertions. Thus, some statements in this book – 'MAGIC IS GOD' – are from an inspired adaptation and paraphrase of "The Mastery of Being" by the distinguished and undisputed Master of Esoteric Knowledge, William Walker Atkinson (1862-1932), (including tips from some of his other great writings). Some other ideas were also gleaned and distilled from a few other sources, but mostly through my own intuitive occult/mystical experiences and revelations.

I'm aware that a lot of the statements made in 'WITCHES UNITE!' (and in this book) would be hard to swallow, even for some of us Pagans; but, isn't that the usual experience with hard point-blank truths? History shows that for centuries Heliocentrism (the Sun is the center of our planetary system or universe) strongly opposed Geocentrism (the Earth is the center of our planetary system or universe) which was the acceptable norm then, but the powers-that-were harshly rejected such discoveries. The Earth is flat versus the Earth is round or spherical; the Earth is the center of the universe versus the Sun is the center; and later, all of that versus the idea that even the Sun is one tiny speck within our galaxy which is only one amongst billions. Great Scientists like Copernicus and

Galileo met with sizable ridicule, humiliation and persecution bordering on heresy for bringing us the scientific enlightenment that very much forms the core of today's education.

In my books before this one I've referred to Magic as God. And now in this book I up the tempo beyond recognition, beyond expectation, and beyond any unbeliever's imagination! Maybe after people have struggled with this concept and groped in the dark for some centuries ahead, it would finally dawn on them that this is the one and only Truth. But, blessed are those who see today the obscure Truth that will become so obvious tomorrow. *I have a mission, a job to do, which I should have done long time ago; and I'll do it with all my heart, all my might, without holding back, and without looking back.*

We are to "...keep our minds open to any light,
to nurture and encourage the wish to be different,
to pray hour by hour that at any cost we may be taught the truth."
– *Arthur Christopher Benson* (in 'Where No Fear Was') –

One of the reasons you're reading this book is because you're looking for the Truth; and, once a Truth-Seeker, always one! If you're seeking sincerely, then the message in this book will itch in your ears till you understand them. However, one thing is for sure: *You will never be the same as you were before you studied this book.* This Message is for your betterment, advancement and strengthening. If well understood and applied, it will bring you power and possessions; and it will make you a master of yourself and other things. Nonetheless, this Message can only point you to the door, but you'd have to be the one to take the necessary steps and walk through it.

‘MAGIC IS GOD’ is an inspired holy book, a revelation – handle with reverence and with all the respect and attentiveness you could put together, as I have done wholeheartedly while working on it, likewise the Editor and Designer. It is not a Philosophy, Psychology, Theology or History book, neither is it based on philosophical reasoning, metaphysical speculations, nor theological dogmatism. *This is a Witch’s New Testament, a Pagan’s Book of books, the Awakening* – ushering in a new beginning for Witches and Wizards in particular, and Pagans and New-Agers in general. There has never been, and will never be, any published material or uttered statement that could surpass this book in upholding the Truth that *Magic is God*. No higher Truth has ever been spoken or written of, and no higher Truth will ever be spoken or written of after this book. This is It – the one and only Truth, nothing but the Truth, nothing more and nothing less. Those who shall devotedly and sincerely adopt this message of truth, will inevitably perceive and realize the Truth whereby satisfaction and freedom are secured, for when you discover your Identity with Magic, you’d begin to manifest Creation on your own terms. As the sense of your real nature and being dawns upon you, the sense of your powers would begin to manifest in your consciousness. You’d then discover that circumstances, environment, conditions, and states may be created by yourself, and for yourself. Thus you become a Creator and build for yourself a miniature universe with You as the center.

As strange as some of the things I say might seem to you, deep down inside you know, we all know, that I speak the Truth. At one time or another, in various ways and degrees, we’ve felt this truth stirring and welling inside of us, and it has somehow flashed through our minds that *Magic is God*, that Magic is the one and only Truth that fulfills us and sets us free!

One purpose for this book is to draw your attention to the immense power in What we're working with, the great benefits that could come from It, and some of the responsibilities that come with the gift of Magic. This and my other books will help you know or realize who you truly are (hopefully more than you've already known) – Gods and Goddesses, spiritual Kings and Queens, Emperors and Empresses, Princes and Princesses.

***The power in and of Magic will be ours again.
We will wield this power as freely and easily
as we breathe the air of life.***

In addition to 'WITCHES UNITE!' I strongly recommend you check out three other books of mine — 'JOAN OF ARC: A ROLE MODEL FOR WITCHES, WIZARDS, PAGANS AND NEW-AGERS,' 'REIKI FOR WITCHES: A *Multi-Purpose Holistic Tool For Witches, Wizards, Pagans and New-Agers*,' and 'I Am A WITCH; I CHOOSE PAGANISM' — I'm sure you'd love them.

My Reiki friends at PrayerFairy.com have agreed to pray regularly for my readers. Therefore, as you read (any time you read) this book, or any of my other books, blessings and healing are sent your way. (If you don't want them simply 'reject' them in your mind; and of course, if you want them simply 'accept' them in your mind also.) In a sense, consider reading my books an indirect form of meditation, reflection, benediction or prayer, thus attracting blessings your way, whether you simply read a line, a paragraph, a page, a chapter or the entire book; even owning or carrying a copy of any of my books or CDs wherever you are will be a silent source of constant blessings too. I am therefore grateful to the 'Fairies' at PrayerFairy.com.

No one who studies this book needs ever again fear any undue influence on the part of others. It is my wish for this book to help you grow in Witchcraft or as a Pagan, and to help you throw off the bonds and shackles of mental slavery. You'd then *become strong, positive, optimistic and benevolent Witches and/or Pagans*, instead of weak, negative, pessimistic and depressed Pagans.

(I don't like the name "Warlock." Sounds like 'Warlord' – they both have 'War' in them, and that word, 'war,' is a nightmare that I'd never get used to; it is one of the most horrible and destructive words in the dictionary, and the worst thing that ever happened to Mankind. I like 'Wizard' much better. In my writings I sometimes use the words 'Witch,' 'Wizard' and 'Pagan' interchangeably, as synonyms to each other, the same way I sometimes use 'the Craft,' 'Witchcraft' and 'Magic.' Also, the words 'Sorcerer,' 'Sorceress' and 'sorcery' have been so polluted. Originally, 'sorcery' meant 'Witchcraft' or 'Magic,' and a Sorcerer or Sorceress – a person who practiced Witchcraft. But not anymore; at best, 'sorcery' now means dark magic or the practice of evil; and a Sorcerer/Sorceress – one who practices dark magic; too bad!)

Thanks for taking the time to read this book. May the best and most fun-filled experiences be your trademark, to the highest possible good of all concerned! Don't forget to recommend this book to anyone you think could benefit from it. Stay in touch. My contact information is on my website: www.IsisDay.com. *Namaste!*

As you command, Oh Goddess Isis,
Like Joan of Arc, here I am;
Yes I will go,
And I will do,
Though I neither know how, nor why,
Nor where, nor when, nor what to do.

(Though I neither know what to do, how to do it,
where to do it, when to do it, nor why I do it.)

Magic is here; Blessed be!

I Had A Revelation...

In The Beginning Was Magic:

*“I do not believe in Ignorance!
I do not believe in Darkness!
Therefore I purpose to ‘turn on the light!’”*
– W W Atkinson –

“If you had only one enemy, it would be ‘ignorance.’”
– Juliette Williams –

In some cases ignorance and denial
both qualify to be labeled ‘sin.’

*Thou shalt not put any other god,
person or thing, before Magic.*

Indeed, a fool says in his heart: ‘There is no Magic.’ People spend centuries toiling and seeking the Truth at all cost, when it’s been right in front of them all the time, staring at them with widely open doors and arms fully spread out to welcome them.

Over the centuries Theologians, Philosophers, Scientists, Astrologers and everyone in-between have called the Primal Force back of everything else by many names except ‘Magic,’ partly because of ignorance, partly because of denial, and mostly as an attempt to constrict and crush Witchcraft. They’ve called this Primal Force God, Energy, Source, Divine/Infinite Intelligence, Supreme Being, Nature, Ether, Chi, Elohim, Yahweh/Yahveh, Jehova, Jah, Allah, Dieu, Dios, Chuku, Chineke, Obasi, Holy Ghost,

Mind, Divine Love, Father-Mother God, Truth, Soul, Subconscious, Law, Reality, Almighty, (including Big Bang, Evolution, Gravity, Dark Matter/Energy, Higgs/God Particle), and innumerable others (in addition, of course, to their equivalents in all the ancient and modern languages of the world); and a lot of us Pagans have not only believed them, but also joined them in calling It anything else but ‘Magic.’ It’s time for course-correction, seriously! At the very most, all those names would pass as synonyms for ‘Magic’ if they qualify, because some of them, like Energy and Spirit, are simply manifestations of Magic like everything else. Also, ‘Love,’ being one of the most powerful forces or expressions of Magic, is another word or synonym for Magic; (thus, Magic is Love, and Love is Magic). In everything, there is but one Principle or Force involved – Magic – no matter by what name the phenomena be called. Magic could be regarded as an Abstract Principle of Power, impossible of being represented by words or even by symbols. It is an Absolute Principle, beyond definition, description, qualification, quantification, gender, or even names. “‘I am that which I Am’ – above names, and forms, and personal sheaths or vehicles.” – W W Atkinson. That which is the Fundamental Truth – the Substantial Reality – is beyond true naming; but the truly Wise call It Magic.

What would anyone dare put before Magic?

What on earth, in this universe, in the entire observable creation, could anybody say is greater than Magic?

What would our little brains imagine could have been in existence before Magic?

‘*Nada!*’ ‘*Rien!*’ ‘*Niente!*’ ‘*Nichts!*’ Absolutely *Nothing!*

Beyond Magic there is Naught, for with Magic there is no beyond. *Higher than Magic there is Naught*, for It is the Absolute Law, the supreme, highest and unqualified Power over all things. There is nothing that can oppose such Power; or run contrary to It, or overrule It, or break It. It is Power Absolutely Supreme. *Older than Magic there is Naught*, for It is eternal, there being nothing precedent to It to have caused or created It. Magic is the Absolute, existing beyond Time, Space, and Change. It ever has been, ever is, and ever shall be. It is ever Unique, Unconditioned, Immutable, Self-Existent, Self-Sufficient, Independent and Abstract. It exists Unknowable, Unthinkable, and Ineffable. Magic is the Efficient Reason of All Things; and is the Causer of All Things. It is the Supreme Power, depending upon no other power; It is its own sovereign, and the ruler of all else, without restriction. It is The Absolute Law, the Independent, Free, Sovereign Lord of All, and contains within Itself the promise, possibility, latency, and potentiality of Everything.

Joan Of Arc

A Role Model For Witches,
Wizards, Pagans and New-Agers

How To Spiritually Achieve Whatever
Your Mind Can Conceive

Dr. Isis Day

An Isis Day™ Publication

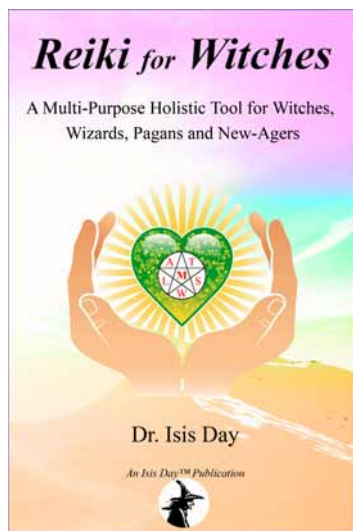

Joan of Arc: A Role Model For Witches, Wizards, Pagans and New-Agers: *How To Spiritually Achieve Whatever Your Mind Can Conceive*, by Dr. Isis Day, and edited by Marie Guillaumes, is a thesis on ‘How To Spiritually Achieve Whatever Your Mind Can Conceive,’ with the legendary Joan of Arc as a model of possibility worthy of emulation by all who wish to follow a Spiritual, Pagan or New-Age approach to life, thus manifesting complete prosperity and success in their lives, because you deserve a successful life and a happy ending materially, socially, career-wise and holistically.

“Great! Someone has finally had the courage to put Joan of Arc where she belongs, to re-unite her with her true brothers and sisters – Witches and Pagans.”

– *Juli Zen* (musician: ‘All Is Well With Me’ – a music/dance meditation CD).

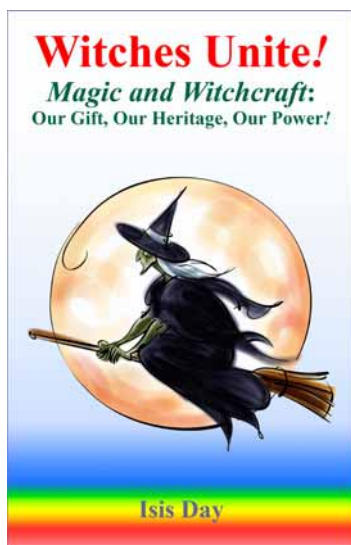

From the book – ‘Joan of Arc...’ by Isis Day’: “Everybody can find a place in Joan of Arc’s world, especially Witches, Wizards, Pagans and New-Agers. Joan of Arc was condemned and burned at the stake as a Witch despite her open denouncement of such an accusation. But, was she truly a Witch or just a religiously pious teenager? She saved her French people from the English in a manner that is beyond any human expectation. She was superclairaudient and clairvoyant; she raised the dead and predicted verifiable events accurately; was she psychic or simply favored by the gods?”

Reiki for Witches: A Multi-Purpose Holistic Tool For Witches, Wizards, Pagans and New-Agers, by Dr. Isis Day, and edited by Marie Guillaumes, is an expository thesis which discusses Reiki as an alternative type of healing practice, and looks at its significance within the context of Metaphysics, Pagan and New Age practices.

It examines the key techniques associated with this Energy healing process which allows Reiki Practitioners to help themselves and others, thus healing the Inner Person through the use of the Universal Life Force or Magic.

From the book – ‘Reiki for Witches’ by Isis Day: “We – Witches, Wizards, Pagans and New-Agers – are healers and thus naturally drawn to the healing Arts and Sciences, whether conventional or alternative. I consider Reiki a gentle unobtrusive part, expression or practice of Magic safely used in a new world where the old Pagan ways are frowned at and the practice of Witchcraft could attract dangerous and life-threatening antagonism if unwittingly done openly.”

“Witches Unite!: *Magic and Witchcraft: Our Gift, Our Heritage, Our Power!*, by Dr. Isis Day, and edited by Marie Guillaumes, is a bold new perspective on Magic and Witchcraft; very inviting for those of us who’re not Witches. Lucky you, if you’re a Witch or Wizard; no Pagan should miss this uniquely inspiring book.” — *Julie Williams*, (author of ‘*Illuminatista: Mind Alchemy*’).

From the book — ‘Witches Unite!’ by Isis Day: “When you go in search of Witchcraft, studying, discussing, socializing, etc., you think you found it; no, you don’t find Witchcraft, Witchcraft finds you. You are here for a purpose; you’re here on a mission as messengers of peace, love and well-being. Arise now and take your rightful places on earth as Gods and Goddesses, as spiritual kings and queens, princes and princesses! As far as I’m concerned, Magic for personal gain is perfectly OK; I don’t see anything wrong with being as wealthy, healthy, happy, sexy and lovable as we’d wish to be, provided we harm no one.”

Finally, a book about Witches, Wizards, Pagans and Witchcraft you can gladly recommend or give to inquiring folks as a gift.

ATTENTION !!!: A few lines, paragraphs or pages in this book — *I Am A Witch; I Choose Paganism* — may be somewhat strong or explicit, therefore Parental Guidance (PG) is suggested.

"I'm tempted to say this is the best book by Dr. Isis Day; but not really, because each one of her books has something special and unique about it. '*I Am A Witch; I Choose Paganism*,' is a wonderful book worth reading over and over by both Pagans and non-Pagans, whether you're a Witch or not." --- Marie Guillaumes (Editor).

"*I Am A Witch; I Choose Paganism*,' is the long-awaited book that sheds extra light on Paganism and Witchcraft. Every Pagan and true student of occult wisdom should read this book asap, and everyone sincerely inquiring about Pagans, Witches, Magic and Witchcraft should also read it right away, and share it with friends, and let the truth speak for itself." --- The Illuminatista.

People have formed all sorts of ill notions about Witches, Witchcraft, Magic and Pagans, and act on such preconceptions accordingly. So-called experts claim to know everything about Witches, when all they have is the backwater, storybook, movie, flea-market and superstitious distortions of the true definition of Witches. But true and real Witches are everywhere, in plain sight, yet invisible to the un-initiated... and with Paganism as one of the fastest growing religions, the number will surely be forever on the increase. Misinforming the public about Witches has since been a strong fist that some religions have used to control people. A lot of the materials out there on Pagans and Witches are put out by non-Pagans who are anti-Pagans. So inquirers are more exposed to information primarily designed to malign Witches and Witchcraft. Once in a while people ask me questions about Pagans, Witches and Magic, and this book is very much in response to such questions.

Moonie, the Full Moon – My Magical Companion:

I once traveled from Houston, Texas to Fontana, California by road, alone, instead of flying. It took me about five days, driving and resting periodically during the day, and sleeping in hotels at night. On the last day, in order to be on time for my appointment, I had to drive from around 2:00AM to 6:00AM, and wrestled with the morning rush-hour traffic for about another hour or so before arriving at my destination. It was a wearying and lonely trip; and that night-driving was even much lonelier – only a few cars and trucks on the road. Sometimes I'd drive for several miles before seeing any other vehicle heading in my direction, and a few others headed in the opposite direction. But I had a very interesting companion – a Full Moon! Depending on how the road turned, the Moon was sometimes on my right side, sometimes on my left, and at other times, in front of me. I was quite sure Magic and our Goddess, Isis, were with me, and it felt good. I talked to the Moon; I was all the grateful I could; and I had thus the courage and alertness to keep on driving. At dawn I saluted daybreak, then the rising Sun as it moved in to replace the Moon and watch over me by day, as the Moon had watched over me by night. As it became clearer to see things, I appreciated Nature even more – I cherished the trees, the wild flowers, the fields, the farms, the horizon, the birds, the animals (especially the cows and horses in the ranches); I blessed them all. There was a certain gladness in me that all was well and going smoothly, even though I was so far away from home. My relationship with the Moon changed forever; for me it is no longer just a planetary mass hanging up there in outer space; it is a friend, my friend, my magical companion – my *Moonie*! It was then that I got the inspiration for the 'Full Moon' music CD compilation; it's a constant reminder that I'm not alone; that you and me are never alone; that Magic is always with us! *Blessed be!*
