PREFACE:

*“The lips of wisdom are closed,
except to the ears of understanding.”*

– The Kybalion –

My mom (Julie) and I (Juliette) are glad you decided to read this book. That makes you one of us instantly. So, welcome to the Illuminatista Circle of Success Seekers who support each other in their quest for a better life.

This book – ‘Illuminatista: Mind Alchemy’ – has lots of do’s and don’ts. It is filled with statements like “We are this...; We are not that...; We do so and so...; We don’t do so and so...; You should do this... and You shouldn’t do that...,” etc. However, hidden in those seemingly ordinary statements are words of wisdom and success secrets that only True Seekers will discover. The simple or common-sense wisdom in this book is an accumulation of age-old traits garnered from years of observation and study of the Rich, the Poor, the Happy, the Sad, the Famous, the Notorious, the Winner, the Loser, the Bold, the Coward, the Strong, the Weak, the Stable, the Dysfunctional, the Religious, the non-Religious, the Agnostic, and so on, including extensive research on the Occult, Religion, Metaphysics, Spirituality, Psychology, Philosophy, Sociology, etc.

This book is part of the ‘Illuminatista’ series by Juliette and Julie Williams. We encourage you to also read “**ILLUMINATISTA: GOD 2.0: The Controversial Wisdom of Dr. Julie Williams.**” It sets the tone and lays the foundation for any other writings that will be in the series. This book is not a direct sequel to the above-

1 mentioned book, but leans strongly on the radical thinking and
'anti-religious' views expressed in that one. For anybody who
wishes to be considered a serious candidate for success and a
student of the wisdom divulged in this book, that book is required
5 reading. (One other required reading is '**Joan of Arc: A Role
Model For Achievers** – *How to Spiritually Achieve Whatever Your
Mind Can Conceive*,' by Julius Miracle Williams. Ph.D. The book
has versions for Believers, Metaphysicians, and then adapted for
9 Witches and Pagans by Dr. Isis Day; any of the versions you prefer
is OK.)

Also, this book – 'Illuminatista: Mind Alchemy' – is sort of
13 the official Manual for readers of the Illuminatista series who wish
to acquire the unique wisdom necessary to achieve Money, Fame,
Love and Success At The Speed Of Light. Ultimately, it is nothing
but a guideline or code of conduct and what is expected of you if
17 you truly wish to win in the game of life. (The publishers have
agreed to endeavor to provide *Free eBook updates to readers. If
you're interested in the Illuminatista series but can't afford any of
the books, there might be some help available. Visit the*
21 *Illuminatista website for more information or to contact us.*)

Once again, welcome! May the joy, insight and wisdom you
gain from reading this book bring you untold success in all corners
25 of your life! We wish you the best in your good endeavors, and
hope you Win At The Speed Of Light! Good luck!!

1 INTRODUCTION:

In the beginning, as you grew up, you had your own plans and expectations as to how you'd want your life to unfold, but life itself had its own plans for you which for the most part continues to
5 run in the opposite direction from yours.

Life, with all its twists and turns, comes at you very fast, long before you're ready for it, and it strikes so hard with everything it's got. Sometimes it seems like the entire zodiac
9 coordinates have re-aligned themselves and ganged up against you with well-knit inescapable conspiracies. The bills don't miss, coming faster than you can cope with, and would keep coming long
13 after you die. You struggle, play catch-up, rob the Peter of your activities and finances to pay the Shylock-Paul of your life who constantly demands his pound of your flesh, your money or your life, and before you know it you're wishing you had a chance to
17 start all over and do everything right. By the time you think you now have the wisdom and experience to fix things and set your whole universe right, you realize the candle of life is just about to
quit on you, and you're sadly face to face with all the 'could-have' and 'would-have' gazillion things you 'should have' done
21 differently. Then your friends ask: "What's up dude?" and you dejectedly reply: "Life happens, man, that's all, life happens."

25 Yep! Stuff happens! But as if that isn't enough, it seems you're so invisible or insignificant to some people, and most of them just move in and out of your life like the wind, some regrettable, and lots others heartbreaking, and for whatever
29 mysterious reasons we hardly let go, if ever, of both the good and bad experiences, but especially the nasty ones. So your mantra

1 becomes: “Why is life such a bitch?” or “Why is life so hard?” or
“Why is life so mean; why me?” and many other such lamentations.

Then come those who can’t wait to take advantage of your
5 predicament. They bombard you with esoteric this, esoteric that;
mystic this, mystic that; occult this, occult that; and now they want
you to spend some years in India, or some Tibetan Monastery, or
some isolated place up in the mountains before you can ‘find
9 yourself’ and maybe begin to enjoy the good things of life and cope
with everything with ease. And then what? You come down from
the mountains and find that the demons you were running from have
grown more tails, more horns and metallic wings, and are even
13 more determined than ever to get you. “Oh no, not again! How do
I deal with these demons? I think I need some coffee,” you’d say.
Ah! You’ve forgotten already that up in the mountains you were
forbidden to take coffee or alcohol. So now you’re thinking you
17 probably didn’t learn all you needed to learn, and maybe this time
you need to go farther East for another few years and become a
guru. A guru at what; running from life? Well, you could run all you
can but you can’t hide. By the time you’re done running and think
21 you now have all the right answers the world would have moved on
without you, and you’re already very old and designing your own
coffin and drafting your own epitaph; and of course no use writing
a Will because there’s nothing to leave behind for anybody except
25 your lamentations and a few motivational or religious books and
relics. So now you’re face to face with reality, not the one they told
you is a dream, the other one, the real one. Hey, don’t point any
accusing fingers – nobody stole your thunder; you simply lost your
29 mojo. Look around you – you don’t need a rocket-scientist to prove
this to you; it’s happening all around us, every day.

1 But, hold on; if you're still standing and not six-feet-under
it means all is not lost yet. Don't worry, you're not alone; *you*
never had a choice at anything – none of us did or does – and
nobody ever will. We all wish we got wiser much sooner. (I do!
5 My Goodness; I still sadly can't believe I spent a good chunk of my
life in *naïveté*, even though I learned some valuable lessons that I
wouldn't give up for any price.) But we can at least all do our best
to make our time on earth count for us and those we care for, and
9 the world at large; if for nothing else we'd know we tried our best
and didn't just surrender as cheap victims of the cosmos.

13 “Nothing can really hurt us except our own despair.”

– Arthur C. Benson –

17 We are here to give you as much tips and support as
possible. Get on board now and let's strive together to make that
long awaited liberating difference.

21 We're here to set you free, not by waving a magical wand
at you and chanting some abracadabra, rather by giving you simple
but radically controversial tips that will hopefully point you in the
right direction and help you liberate yourself. ***Only You Can Set***
25 ***Yourself Free*** – not even all the supposed gods of religion put
together can do that for you; no force in the universe can do that for
you – it is the one mission that you, and you alone, must
accomplish. Every other thing or person outside of you can only
29 nudge you on at best.

1 A second chance at loving would be nice; a second chance
at making money and living a healthier life would be nice too. We
could all use a second chance at everything; but who's gonna give
it to us? I know just one person, the right person, the one and only
5 person who could give you that chance you've been wishing for –
You! If you don't do it, if you don't give yourself the chance, well,
good luck with finding someone else who'd do that for you.

The Four Cardinal Points of Desire:

We believe that nearly all the major things people ever wish for would fall under four major categories. So our discourse will circle around these areas of life on earth to help you develop *the right attitude, disposition, perspective and action* required for success in these areas. They are:

1. **HEALTH:** Where there is no health, there is no life, and nothing else would matter. This also includes the need to survive, to stay alive and to be strong, beautiful/handsome.
2. **WEALTH:** Affluence – money and all that it could buy or do (sometimes lavishly); career, profession; possession; accumulation; acquisition; etc.
3. **LOVE:** Friendship; romance; sex; understanding; acceptance or sense of belonging; co-operation; support; to be needed; to be adored, admired, cherished or appreciated; to be praised, flattered or complimented; brotherhood and sisterhood; fraternity and sorority; family; companionship; socializing; communing; communication; to be given attention; etc.
4. **POWER:** Identity; respect; honor; glory; public awards; ‘I am this and that;’ ability to do or fix things; fame or popularity; ego-boosting; leadership; position; control; dominance; conquest; accomplishments; aggrandizement; worth or power through acquisition; etc.

The Four Cardinal Points of Any Success:

Wealth or success of any sort is a consciousness. Good health too is a consciousness, as is also a good healthy love-relationship. But, to put it in a way that is easier to understand we'd say: *"The realization of wealth, good health, love, fame or any kind of success comes as a result of the right attitude, disposition, perspective and action."* In other words – mind over matter – and that's what this fellowship prepares you for.

The 'magic' formula you seek – the 'secret' key to Money, Fame, Love and Success At The Speed Of Light – has been spread throughout this book. You won't find it in one lump, chapter or paragraph, though some may contain more of what you resonate to than others. Your mind or mental disposition plays a key role on how much you get out of this book and how soon you do it. If you're too eager or desperate it takes longer because desperation blocks insight, inspiration and intuition. During the test-drive for this book some readers 'got it' the first time they read it; some others got it the second time, and a few others the third time. Every discovery ever made had been staring Mankind right in the face for centuries before some 'genius' hits that aha moment when he/she gets that 'lucky' break and we all wonder why we never saw it all along. Archimedes was relaxed in a bath tub when he stumbled upon the principle of displacement in relation to volume and density and couldn't help running through the streets naked, yelling 'Eureka! Eureka!!' (I've found it!) Apples and other fruits were falling from trees for millennia until a few centuries ago when Isaac Newton's intuitive observation of the fall gave birth to the laws of gravity which have changed scientific history forever.

1 We strongly believe that *a person's mind-orientation has a*
lot to do with everything in his or her life. So, although most of the
statements in this book will sound very familiar, they've been
carefully chosen and put together to 'clear' your mind and prepare
5 you for *the right attitude, disposition, perspective and action*
necessary to help you achieve your worthwhile dreams as fast as
possible. If you are truly ready for the 'teacher,' then you'll find
'everything' you'd need for success in this book; but if you're not
9 ready it won't be any different to you than picking up a newspaper
or any other book, and at most it would be nothing but a pastime for
you, if not a waste of time. Therefore, do not take the statements in
this book for granted; think about them carefully and never stop
13 asking yourself how they apply to you and your dreams until you hit
that 'aha' moment, until the light bulb fires up in your head and
you're saying things like: "I knew it; why didn't I think of it all this
time?" Yep! You're right; it's been under your nose all along; all
17 you needed was just a little nudge in the right direction, the nudge
you get from the Illuminatista Fellowship.
